

Create a special fundraising evening for your charity with

Thornbury SWINGBAND

What do we offer?

People love the sound of a full big band and getting on their feet to dance. We can deliver a full evening of entertainment with our 17-strong classic big band. We can also help get everyone in the mood with basic swing and jive dance tuition to start the evening.

How much could you raise?

Charities have typically raised around £1000 from an event with us.

Unlike some other bands we are not-for-profit and we keep costs to the minimum.

If you sell 100+ tickets at £12-18 and use the evening for other fundraising too, like an auction or meal, then it should be a profitable evening.

How does it work?

You organise, market and run the event and provide the venue.

We provide the music and entertainment and publicise the event to our band of followers.

We can be flexible and can fit in with however you want to run the evening. We can play inside or outside and provide our own PA, we just need an area of at least 8m x 5m to set up.

Thank you for the most wonderful event last night, everybody loved the whole occasion... it was amazing.
Sarah, event organiser for Easter Compton charities

Thank you for your wonderful sets at the "Swing for Victory" event in aid of Holly Hedge... you're all superb and talented and seem to take it up a level each year

Tania, Holly Hedge Animal Sanctuary
